OUR MISSION

Prevention 1st is a 501(c)(3) non-profit agency with a mission to prevent unintentional injury for populations at particularly high risk - children, older adults and people with disabilities.

PREVENTABLE INJURIES...

...kill more children than cancer, more teens than suicide and more young adults than violence. Your support will help Prevention 1st on our mission to keep vulnerable populations safe. Together, we can make a difference!

Prevention 1st has been keeping our community safer for more than a decade.

This year's tournament will benefit:

Prevention 1st

The Jane L. and Larry C. Glazer Charitable Trust

The Arlayne & Stephen Rogoff Educational Fund

Thank you for your support!

Jane Glazer was a founding member of Prevention 1st. She and Larry made our community safer and a better place to live.

By having this golf tournament in their honor we are saying thank you to them in our own small way.
